

Your Best Line of Defense for **Stronger, Healthier Toenails**

Talk to your doctor about the #1 prescribed brand in podiatry for nail dystrophy¹

Start of treatment

6 months with Nuvail

Get strong, healthy nails like Dexter!

Nuvail™ is indicated for managing signs and symptoms of nail dystrophy, i.e., nail splitting and nail fragility, for intact or damaged nails. Nuvail coats and adheres to the nail surface preventing direct abrasion and friction on the nail while also providing protection against the adverse effects of moisture.

IMPORTANT SAFETY INFORMATION

Do not apply directly to deep, open, or profusely bleeding wounds. Product is flammable in liquid form; avoid using near open flames and sources of ignition. Use in well-ventilated area. **Keep out of reach of children.** Store at room temperature away from heat. Do not allow product to come into contact with floors, counter tops, furniture or other finished surfaces — will stain. May temporarily sting upon application. Persons sensitized to isocyanate should not use this product. Should redness or other signs of irritation appear, discontinue use and consult your healthcare provider.

For Full Prescribing Information, please visit <http://nuvail.com> or scan the QR code.
